Welcome to the alpine adventure park Mönichkirchen!

Action and relaxation for the entire family: the Mönichkirchen alpine-meadow experience is the nearby recreation region throughout the year!

Great authentic pleasure! The Swing Trail

Do you still remember your childhood? How it was really wonderful to swing for hours on end? Sometimes very easily, sometimes with a great amount of impetus. Our offspring have just the same feeling. Then why not experience this marvellous fun together?

At about **2.7 kilometres**, our **Swing Trail** offers **17 exciting stations** with various **swings, seesaws and relaxation elements**. There is, of course, something for everyone! The **starting point of the Swing Trail**, by the way, is at the **Sonnenbahn upper station**: from there our mascot, the little cow Lella, leads us from station to station and relates of her life on an alpine pasture, until you finally arrive at the alpine-meadow arena and the high point of the Swing Trail. And that in the strictest sense of the word: because here an **observation deck with hanging seats** offers a stunning view over the Mönichkirchen Schwaig. **Walking time: about 2 to 2.5 hours.**

Riding fun full of action on the Scooter- & Mountain Cart Runn

Would you like a brilliant downhill run into the valley with the entire family? If fun and action are just right for you and your nearest and dearest, you should definitely try out our Scooter- und Mountain Cart Run!

It **starts at the Sonnenbahn upper station**, right on the Mönichkirchen alpine-meadow. You can easily get there on foot or comfortably with the Sonnenbahn. Once up there every member of the family will then be able to choose the most suitable vehicle. **Out carts are available in four different sizes** (S, M, L, XL). Then everyone can get going: always downhill on the **2-kilometre run** with adventurous bumps and **tight bends**, which offer a great deal of fun and variety! As a matter of course, your safety is ensured: all carts thus have a dual-circuit break system, as well as a low centre of gravity and an extra-wide wheelbase. Our scooters are also perfectly equipped and especially **adapted for families**.

Small children can definitely ride on a mountain cart or on a scooter with an adult, or with an adult's agreement, alone if above the height of 135 centimetres.

TIP: due to dust development, we recommend wearing sunglasses and to safely stow all articles of value. Sunglasses can be purchased at the ticket office for € 6.

Let's go hiking:

STARTING POINT: MÖNICHKIRCHNER SCHWAIG
Can be reached by foot or chairlift. Return to the valley by foot, scooter, mountain cart or with chairlift.

Genuss-Weg (Enjoyment Path)
Distance: 1.3 km | altitude 50 m | walking time 20 min one way | Broad gravel path suitable for pushchairs and leading through beautiful Alpine forest

Seal of Quality: the Best Austrian Summer Cable Railway

Strict quality offers and high quality criteria are prerequisite for the Seal of Quality. Distinguished as a family-friendly mountain destination, we offer families a holiday full of unforgettable moments. Further information about the Seal of Quality is available at: www.sommer-bergbahnen.at

Award: Ski Area Summer Seal of Quality

In summer and in winter the Seal of Quality of the International Ski Area Tests is a performance benchmark of funicular enterprise for quality and safety. In 2017 the "alpine-meadow experience" received **four awards**, including the **"2017 Austrian Test Winner"** award. Further information about the Seal of Quality is available at: www.skiareatest.com

From the 1-seat-chairlift to the ski area

Mönichkirchen looks back on a long tradition as a summer resort. More than 70 years ago the **first 1-seat-chairlift in Lower Austria** was erected on the Mönichkirchen Schwaig with a transport capacity of appr. 200 persons per hour. In order to comfortably reach the top of the mountain, the guests were even ready to accept a travel time of 25 minutes. In 2006, the 1-seat-chairlift was substituted by a modern **4-seat chairlift** and the range of leisure activities was continuously extended.

30 years ago the first **Scooter Run in Upper Austria** was created. In summer 2013 the route was changed and in addition mountain carts were acquired.

In the year 2014 the recreational offering on the Mönichkirchen Schwaig was extended with a **swing trail** – a circular route with a total of **17 different swings, seesaws and relaxation elements**.
